

PLEASE NOTE: *Coffee Traders is no longer able to sell or ship coffee in the state of California. The "Prop 65" restrictions and requirements have recently affected the coffee industry and a large lawsuit is currently pending that creates a punitive environment for coffee sales.*

Coffee Traders is a small, artisan coffee roaster with limited funds to negotiate the demands of a lawsuit. We have made the difficult decision instead to withdraw from the California market completely. Any coffee orders placed from California will be cancelled and refunded.

Thank you for your understanding.
